

Date: Saturday, November 5

Time: 9AM – 2PM

★ CSI Sound Seminar ★

Seminar for Houses of Worship ★★

Tired of getting pushed around by your sound system? Afraid of all those knobs? Do you wish your system was easier to use? Are you chained to the AV desk? Get Control!

You don't need an engineering degree. Come to our HOW Seminar and see how you can:

- ◆ Set your system to operate by pre-set schedule.
- ◆ Operate multiple functions in multiple rooms with just four knobs and an easy to read LCD screen.
- ◆ Get rid of clutter and all those mysterious black boxes by using digital technology.
- ◆ Sit with the congregation, hear what they hear, and create the best mix ever!
- ◆ Create a control system so easy to use even a volunteer could do it.

Please email, fax, or mail completed registration form & payment info to:

Communications Specialists
Attn: Elke Ivic
7272 Jackson Avenue
Mechanicsville, VA 23111
elke.ivic@csisystems.net
Fax: (804) 559-4479

** Credit Cards will not be charged until the day of the seminar. Cancellations must be made by Noon on the prior day to receive a refund.

Don't waste more time and money! Don't continue to wear yourself out and frustrate your team.
